Our Cover

As with most DXpeditions to remote places, good will is an important piece of equipment to take along. On their trip to Rotuma, Bill Vanderheide, N7OU, and Bob Norin, W7YAQ, heard that the local school's station, 3D2RI, had gone off the air with rig and antenna problems. They were happy to return the Rotumans' hospitality. Here Bob helps to repair their A3S beam to help get 3D2RI back on the air. [Bill Vanderheide, N7OU, photo]
